

ASSEMBLY BILL

No. 1798

Introduced by Assembly Member Cooper

February 8, 2016

An act to amend Section 16700 of the Penal Code, relating to firearms.

LEGISLATIVE COUNSEL'S DIGEST

AB 1798, as introduced, Cooper. Firearms: imitation firearms: gun-shaped phone cases.

Existing federal law prohibits a person from manufacturing, entering into commerce, shipping, transporting, or receiving any toy, look-alike, or imitation firearm unless the firearm contains, or has affixed to it, a marking approved by the federal Secretary of Commerce.

Existing state law defines “imitation firearm” as any BB device, toy gun, replica of a firearm, or other device that is so substantially similar in coloration and overall appearance to an existing firearm as to lead a reasonable person to perceive that the device is a firearm. Under existing law, a manufacturer, importer, or distributor of imitation firearms that, among other things, fails to comply with any applicable federal law or regulation governing the marking of a toy, look-alike, or imitation firearm, as defined by federal law or regulation, is guilty of a misdemeanor.

This bill would specify that the definition of imitation firearm described above includes, but is not limited to, a protective case for a cellular telephone that is so substantially similar in coloration and overall appearance to an existing firearm as to lead a reasonable person to perceive that the device is a firearm.
